

REPORT FOR THE OUTREACH CONDUCTED AT LOGORATE HEALTH CENTRE ON JULY 3rd, 2024.

Introduction

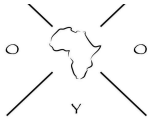

On **July 3, 2024**, we successfully carried out a medical outreach at **Logorate Community Health Centre** in **Samburu County**. This initiative was a joint effort between our team from Mugie Conservancy and its stakeholders. Our main goal was to offer essential healthcare services to the residents of Logorate, address their medical needs, promote overall wellness, and maintain a positive relationship with the community.

Objectives:

The outreach event had an impressive turnout, with **158 residents** attending. Our team provided a variety of essential services with care and professionalism. The highlights included:

- General consultations and free medications administered based on patients' diagnoses.
- Wound management.
- Immunizations for **24 children**, as it was the scheduled immunization day for the health centre.
- ANC services and counseling provided to **7 mothers**.
- No referral cases.
